

The UK-Rwanda Business Forum will take place from 29 - 31 January 2024 at the Kigali Convention Centre (KCC) & Radisson Blu Hotel in Kigali, and will showcase investment opportunities in Rwanda's rapidly growing economy.

"Rwanda provides a very compelling business environment. I'm pleased to welcome you to the UK- Rwanda Business forum" said Francis K. Gatware, CEO of Rwanda Development Board (RDB).

The first-ever UK-Rwanda Business Forum in January 2024 will provide unrivaled opportunities for high-level dialogue and networking, bringing together UK and Rwandan business leaders, investors, and senior government officials to discuss business opportunities available for each country and the business climate in Rwanda.

The theme is 'Succeeding in Rwanda: Unlocking Growth & Opportunities' and the programme includes opportunities for networking and to hear from industry leaders, visits to investor sites and discovering the best of Kigali.

Sectors of focus are Agriculture/Horticulture, Critical Minerals, Infrastructure, Manufacturing, Green Economy, Financial and Professional Services. There is no cost to attend the UK-Rwanda Business Forum.

The forum will attract high-quality British investment that supports deeper linkages with local supply chains that create quality jobs for Rwanda. The Forum will further be an opportunity for new and existing investors to share their interests and experiences in doing business in Rwanda.
