

The Kingdom of Morocco condemns in the strongest terms the abject Iranian missile attack that violated the integrity and security of brotherly Arab states, namely the State of the United Arab Emirates, the Kingdom of Bahrain, the State of Qatar, the State of Kuwait, the Hashemite Kingdom of Jordan and the Kingdom of Saudi Arabia.

A statement from the Ministry of Foreign Affairs, African Cooperation and Moroccan Expatriates emphasizes that the Kingdom of Morocco considers this aggression a flagrant violation of the national sovereignty of these States, an unacceptable infringement on their security and a direct threat to the stability of the region.

The Kingdom of Morocco, the same source adds, affirms its full solidarity with the brotherly Arab states in all legitimate measures they take to respond to this attack and protect their security, as well as the peace of their citizens and residents.
